CHAIRMAN'S MESSAGE

Dear Shareholders,

Though I have interacted with some of you on various occasions in the past, this is the first time that I am writing to you through these pages.

Fiscal 2016 was yet another year that was full of with global economic challenges. Notwithstanding that, the Indian economy registered good economic growth as the government continued to focus on development through reforms. Efforts towards village electrification and 24X7 power supply in urban areas helped improve power quality, which gave a natural push to the consumption of pay-tv. Push for financial inclusion facilitated ease of recharge for DTH subscribers by giving them universal access to banking facilities. The year saw your Company witness constructive growth in business both at the subscriber and profitability level. Fiscal 2016 was the second full year of net profitability for your Company.

During the year, Dish TV continued to actively contribute to the 'Digital India' movement by digitizing analog TV homes in DAS phase 3 & 4 markets. The product portfolio consisting of Standard Definition, High Definition, Zing and other region specific offerings increased their respective market share.

Higher investments behind the brand not only ensured higher brand scores but a stronger brand recall as well. The campaigns including, 'Set Top Box Matlab Dish TV' and 'Life Masala Maar Ke' had the desired impact while the specially designed sports packages ensured that sports fans preferred Dish TV during the prolonged cricketing season that was part of the fiscal.

As part of our strategy to increase our High-Definition market share, your Company launched brand new HD packages and campaigns to target urban markets. Your Company met considerable success and managed to substantially improve the market share of our High-Definition offering.

During the year, your Company further strengthened its presence across the country to

reach existing as well as potential subscribers through a network spread across 2,297 distributors and 241,346 dealers. Your Company continued to maintain its leadership in the market and added 2.8 million subscribers at the gross level. This took our overall subscriber base to 14.5 million net subscribers as on March 31, 2016.

For the full year under review, Revenue grew from ₹26,668 million to ₹30,599 million recording 14% growth over the previous fiscal. Operating profit (EBITDA) grew from ₹7,331 million to ₹10,249 million and was up by 40% over the previous fiscal. EBITDA margin stood at 33.5%. Net profit for the year was ₹6,924 million as against ₹31 million in fiscal 2015.

In a bid to outperform customer service expectations, we re-defined and did a critical re-evaluation of our existing service procedures. I am pleased to share that this exercise led us to implement a service delivery turn-around time of four hours only.

During the year, your Company expanded its service network to touch points across the country. As we go forward, we want customer experience on the Dish TV platform to be truly unmatched and we would not stop until we get there.

Leveraging the ecommerce boom Dish TV took its entire range of product and services on board popular online shopping platforms like Paytm, Snapdeal, Amazon and Flipkart. To further enhance the digital TV experience for subscribers and build an affordable and fast deployment model for itself Dish TV selected a new browser based middleware for its next generation Set-Top-Boxes.

In a fitting recognition, Dish TV was recognized for being one of the most admired corporates that are shaping up the Indian market place and was honored with 'The Economic Times Best Corporate Brands' award in the DTH category during the year.

Our Company has entered fiscal 2017 with a Vision to 'Enrich peoples' lives by providing them with an Unmatched Entertainment Service Experience' and I am confident that we would live up to it in letter as well as in spirit.

As we go forward, the positive impact of economic initiatives undertaken by the government will start reflecting in consumer spending and would broad base the demand situation in the near future. Government's focus on digitization all across and efforts on account of ease of doing business will result in better productivity of resources and provide more money in the hands of the common man.

I want to thank our customers, shareholders and the employees for their support as we go about building a Company that is class apart.

Sincerely,

Jawahar Lal Goel
Chairman & Managing Director

(a) the weighted-average values of share price, exercise price, expected volatility, expected option life, expected dividends, the risk-free interest rate and any other inputs to the model

Expected Dividends	The shares issued under stock options shall rank <i>pari-passu</i> , including the right to receive dividend. Expected dividend payouts to be paid during the life of the option reduce the value of a call option by creating drop in market price of the stock. Adjustments for known dividend payouts over the life of the option are made to the formulae under Black Scholes method. However, in the present case, as the life of the option is greater than one year, there is considerable difficulty in estimating the amount and time of future dividend payouts with certainty. Hence, future dividend payouts have not been incorporated in the valuation analysis.															

(b) the method used and the assumptions made to incorporate the effects of expected early exercise: - Not Applicable

(c) how expected volatility was determined, including an explanation of the extent to which expected volatility was based on historical volatility - Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during a period. Each vest has been considered as a separate grant. The volatility for periods corresponding to the respective expected lives of the different vests, prior to the grant date has been considered. The daily volatility of the Company's stock price on NSE over these years has been considered.

(d) whether and how any other features of the option grant were incorporated into the measurement of fair value, such as a market condition. - Not Applicable

The following discussions on our financial condition and result of operations should be read together with our audited consolidated financial statements and the notes to these statements included in the Annual Report.

Overview

Dish TV India Limited (BSE Code - 532839, NSE Code - DISHTV) continues to be India's largest Direct to Home (DTH) operator in terms of the registered subscriber numbers.

DTH industry had a very successful year on the background of positive vibes due to rising disposable income and government initiatives to embark on digitalization in the Non DAS areas. The buzz was High Definition, penetration – both through new acquisition and upgradation of existing subscribers from standard definition to high definition. Devices with recording facility also saw traction. The higher penetration and acceptance of HD also resulted in higher revenue for the entire industry and contained churn of subscribers. The year under review was an extremely successful year for the industry also on the account of increased acceptance of the DTH services even in the digital cable dominated areas.

Though the consumer demand has not fully reflected on growth in GDP, DTH sector grew well and fared much better than the previous financial years – both in terms of increased number of subscribers and increased revenue from the subscriber. The prices for New Television sets continued their downward journey resulting in increase of the target customer base for the sector. The year under review also saw settled economic

indicators along with positive economic sentiments which resulted in the consumers willing to spend more out of the disposable. The same resulted into constant recharge behavior of the consumers.

During the year, Dish TV successfully converted these positive vibes into business opportunities through aggressive penetration strategies in non-digitized markets and growth and revenue enhancement opportunities in digitized markets. This was done through a three-pronged strategy. Firstly, an aggressive thrust in non-digitized markets through brand investments, regional product offerings, distribution and service network expansion. To acquire customers from the wider spectrum of population spread across the country having different languages, cultures and viewing choices, your Company strengthened its presence in the linguistic markets through its new and emerging brand – Zing. Secondly, emphasis on subscriber engagement continued through various innovative schemes and new offerings. The subscribers being the key focus area, your Company continues to invest its attention towards providing enhanced personalized services and solutions to its varied segments of subscribers. Thirdly, continuing the lead in the category with largest bouquet of HD channels, dishtruHD+, India's first HD set top box with unlimited recording, has built a base of HD users that provide higher ARPU and better retention. Dish TV now offers consumer choices through a multi-brand and multi product portfolio to cater to different consumer segments.

Dish TV has changed the face of Indian television by providing the Indian consumer access to premium quality entertainment, thereby enhancing the viewing experience. Our understanding of the category has not only raised the bar but has taken the standards of television to incredible elevations. The recent launch of DishFlix is yet another example of our constant quest for innovation and commitment to provide unmatched entertainment service experience to our consumers.

Your Company has been able to touch millions of the consumer's hearts by meeting their latent needs through product innovations and promise of convenience and quality. Personalization is one key determinant that gives your Company an edge over the other market players. With innovative and ground-breaking technology like 'only for you', DIY Services, Multi Lingual services, we have earned a credible reputation for being

more consumers centric. Through these personalized services, we give our consumers the upper hand by giving them the freedom to customize and operate on their own according to their taste and needs. Also with the consumers hard-pressed for time, our online service, DISH Online, provides them entertainment on the go.

Your Company harps upon the Vision “Enrich people’s lives by providing them with unmatched entertainment service experience”. It strives hard to achieve its Vision and in furtherance of the same it has set Core Values which are incorporated within its DNA. The Core values create shared purpose, collaboration and workplace pride. These core values coupled with our approach of simplify, accelerate, build and customer focus will propel Dish TV into becoming a potent force.

The Year under review was a breakthrough year for your Company. Apart from recording increase on all operational and revenue front including increase in total revenue, increase in EBITDA, increase in subscriber numbers, your Company also recorded Net Profit for the first time. The expansion in the EBITDA margin was primarily due to the difference in the rate of increase of revenue and the various cost items. The rupee dollar volatility was much less during the year under review as compared to the previous years resulting into less foreign exchange outgo on the foreign exchange exposure items. The content cost also had single digit growth during the year.

SWOT ANALYSIS

Strengths

DishTV continues to lead the DTH category from the front. The year has seen healthy growth in subscribers which has been a result of deep understanding of consumer needs translated into compelling propositions. Your company pursued its objective of enriching lives of TV viewers across all strata with aggressive penetration strategies and leveraged the third phase of digitization. Our strength is our reach and DishTV was instrumental in more and more households of the country to experience high quality TV viewing experience at affordable costs.

The year also saw further boom in HD viewing environment with several new HD channels getting launched. DishTV is driving the shift to HD with more and more consumers opting for this technology. While

our HD STB sales have grown, we have also focused on enhancing our content, packaging and pricing options to make HD accessible to the mainstream market.

DishTV as a brand stands for delivering unmatched entertainment experience for the masses. This year saw investments in Brand as well as continued support to new products and services. Dish TV today is a stronger, more meaningful brand. It intends to put latest technologies and services like HD, Live recording, Universal remote within the reach of everyone.

ZING our regional brand, has been a great success. It continued to serve the needs of the vernacular market and consumers with its unmatched value for money proposition for the consumers. Going forward Zing markets are likely to get consolidated with enhanced value proposition for the end consumers.

Investments to deliver seamless service experience is being pursued consistently with growth in our reach both in terms of sales and service network. DishTV is continually getting closer to its customers.

Weakness

The introduction of new taxes last year further increased the burden for the category which has been plagued by multiple tax regime for years. While with the GST getting a go ahead – this should get addressed but it will take another 12-18 months for this to take shape.

With majority new consumers coming from relatively smaller population markets with limited disposable income – ARPU’s continues to be a challenge for the category and for DishTV

Opportunities

HD would continue to be the big opportunity market for DTH operators. DishTV with its content offering and proposition is well poised to cater to consumers demands with respect to HD. Our intent would be to make HD more and more pervasive across the country.

The last phase of digitization is another mega opportunity event for DTH as category. DTH operators are expected to garner majority share vs cable operators in this phase of digitization.

With e-commerce growing significantly and more and more consumers from across strata getting online, we see this medium is all set to become a big contributor to the overall growth in acquisition numbers.

Increased content consumption and emerging technologies is an opportunity as it drives us to reinvent and re-focus on our customers and provide relevant solutions.

Threats

As a category whose consumer base is spread across all socio-economic strata, the overall economic scenario will have its impact. Last year monsoons impacted disposable incomes of consumers which led to curtailing of spends by households.

As a growing but mature category, there is increasing competition both from within the category as well as alternate solution providers. IPTV along with high speed internet at lower costs continues to be a potential alternate and could be a threat in the medium term. However restricted bandwidths still are a bottleneck to take this to mass markets. Increased consumption of TV content via mobile is proliferating fast, however mobile viewing experience as of now is restrictive.

High incidence of taxation and regulatory intervention will continue restricting the growth and profitability of the DTH sector, unless measures are taken by stakeholders and policy makers to ease the taxation framework.

Strategy

The Year under review continued to pose challenges – some new, some perennial, to your Company. The Company faced intense competition from the Cable distribution platform and the DTH operators. However, your Company, with its vision and mission in place, came out with flying colors. Despite not having very favorable business conditions, became the first and only operator to turn profitable at a net profit level for the full fiscal year.

The business momentum continues strongly and we expect all the initiatives the company has undertaken to continue to provide strong revenue and earnings momentum going forward. Your company is well placed to take advantage of the upcoming digitization in Phase 3 and Phase 4 markets and is well placed to capitalize on the opportunities offered by the same. In a tough economic environment your company remains focused on delivering superior shareholder value by innovation and excellent execution.

Tailor made products, prompt and efficient service, continuous evolution of new products and HD offering will be the key focus are of your Company. Your Company presently offers maximum number of HD channels and is always looking forward to launch new HD Channels to capitalize on the growing requirement for high quality products. Expanding HD TV households in the country unravels huge potential for HD connection and content.

The launch of the revolutionary product - DishFlix, India's first home video system, will be another milestone for Dish TV. The product transforms the ecosystem construct around the category and adds benefits to the Dish TV consumer who will have access to the blockbuster movies without the requirement of internet. Your Company shall continue to take long strides and push the Zing product to the relevant market.

ANNEXURE II

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the standalone financial statements of Dish TV India Limited ("the Company") as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting ("IFCoFR") of the company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on Internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on Internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Value in use is arrived at by disclosing the estimated future cash flow to their present cash flow based on appropriate discounting rate. An impairment loss is recognized, whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out at the end of the year by an independent actuary, using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2016

(All amounts in ₹ lacs, unless stated otherwise)

m) Earnings/(loss) per share

Basic earning/(loss) per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings/(loss) per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

n) Taxation

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. However deferred tax arising from brought forward losses is recognised only when there is virtual certainty supported by convincing evidence that such asset will be realized.

Minimum alternative tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified year.

o) Provisions and contingent liabilities

The Company recognises a provision when there is a present obligation as a result of a past event and it is more likely than not that there will be an outflow of resources embodying economic benefits to settle such obligations and the amount of such obligation can be reliably estimated. Provisions are not discounted to their present value and are determined based on the management's estimation of the outflow required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events, not wholly within the control of the Company. Contingent liabilities are also disclosed for the present obligations that have arisen from past events in respect of which it is not probable that there will be an outflow of resources or a reliable estimate of the amount of obligation cannot be made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

p) Cash and cash equivalents

Cash and cash equivalents in the Cash Flow Statement comprise cash at bank and in hand, cheques in hand and short term investments with an original maturity of three months or less.

34. Employee stock option plan (ESOP) 2007

At the Annual General Meeting held on 3 August 2007, the shareholders of the Company had approved Employee Stock Option Plan, i.e., ESOP 2007 ("the Scheme"). The Scheme provided for issuance of 4,282,228 stock options (underlying fully paid equity share of ₹ 1 each) to the employees of the Company as well as that of its subsidiaries of the Company at the exercise price which shall be equivalent to the market price determined as per the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ['SEBI (ESOP) Guidelines, 1999'].

The options granted under the Scheme shall vest between one year to six years from the date of grant of options, with 20% vesting each year. Once the options vest as per the Scheme, they would be exercisable by the grantee at any time within a period of four years from the date of vesting and the shares arising on exercise of such options shall not be subject to any lock-in period.

The shareholders in their meeting held on 28 August 2008 approved the re-pricing of outstanding options which were granted till that date and consequently the outstanding options were re-priced at ₹ 37.55 per option, determined as per SEBI (ESOP) Guidelines, 1999.

However, in respect of options granted subsequent to 28 August 2008, the exercise price of the options has been maintained as equivalent to the market price determined as per the SEBI (ESOP) Guidelines, 1999.

As stated above, the options are granted to the employees at an exercise price, being the latest market price as per SEBI (ESOP) Guidelines, 1999. Further, since the Company follows intrinsic value method for accounting of the above options, there is no charge in the Statement of Profit and Loss.

As permitted by the Guidance Note on accounting for Employee Share - based Payment, issued by the Institute of Chartered Accountants of India, the Company has elected to account for stock options based on their intrinsic value (i.e., the excess of fair market value of the underlying share over the exercise price) at the grant date rather than their fair value at that date. Had the compensation cost for employee stock options been determined on the basis of the fair value method as described in the said Guidance Note, the impact on the Company's net profit after tax and basic/diluted earnings per share would have been as stated below.

ANNEXURE II

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the consolidated financial statements of the Dish TV India Limited ("the Holding Company") and its subsidiaries, (the Holding Company and its subsidiaries together referred to as "the Group"), as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting (IFCoFR) of the Holding Company and its subsidiary company incorporated in India, as of that date.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary company incorporated in India, are responsible for establishing and maintaining internal financial controls based on Internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of the company's assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company, its subsidiary company as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR and the Guidance Note, issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company and its subsidiary company, as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur

and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the report of the other auditors of subsidiary company, the Holding Company and its subsidiary company incorporated in India, have, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on Internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI.

Other Matters

9. We did not audit the IFCoFR insofar as it relates to a subsidiary company incorporated in India, whose financial statements reflect total assets (after

eliminating intra-group transactions) of ₹ 292,878 lacs as at 31 March 2016 total revenues (after eliminating intra-group transactions) of ₹ 93,191 lacs and net cash flows amounting to ₹ 6,863 lacs for the year ended on that date. Our report on the adequacy and operating effectiveness of the IFCoFR for the Holding Company and its subsidiary company incorporated in India, under Section 143(3)(i) of the Act insofar as it relates to the aforesaid subsidiary is solely based on the corresponding reports of the auditors of such company. Our opinion is not modified in respect of the above matter with respect to our reliance on the work done by and the report of the other auditors.

In accordance with the relevant announcement of the Institute of Chartered Accountants of India, the company provides for losses in respect of such outstanding derivative contracts at the balance sheet date by marking them to market. Net gain, if any, is not recognised. The contracts are aggregated category-wise, to determine the net gain/loss.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out at the end of the year by an independent actuary, using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. (All amounts in ₹ lacs, unless stated otherwise)

l) Employee stock option scheme

The Group calculates the compensation cost based on the intrinsic value method wherein the excess of value of underlying equity shares as on the date of the grant of options over the exercise price of the options given to employees under the employee stock option schemes of the Group, is recognised as deferred stock compensation cost and amortised over the vesting period on a graded vesting basis.

m) Leases

Operating lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased asset are classified as operating leases. Operating lease charges are recognised as an expense in the Consolidated Statement of Profit and Loss on a straight line basis.

n) Earnings per share

Basic earning/loss per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. However deferred tax arising from brought forward losses is recognised only when there is virtual certainty supported by convincing evidence that such asset will be realized.

p) Provisions and contingent liabilities

The Group recognises a provision when there is a present obligation as a result of a past event and it is more likely than not that there will be an outflow of resources embodying economic benefits to settle such obligations and the amount of such obligation can be reliably estimated. Provisions are not discounted to their present value and are determined based on the management's estimation of the outflow required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events, not wholly within the control of the Group. Contingent liabilities are also disclosed for the present obligations that have arisen from past events in respect of which it is not probable that there will be an outflow of resources or a reliable estimate of the amount of obligation cannot be made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

q) Cash and cash equivalents

Cash and cash equivalents in the Cash Flow Statement comprise cash at bank and in hand, cheques in hand and short term investments with an original maturity of three months or less.

30. Employee stock option plan (ESOP) 2007

At the Annual General Meeting held on 3 August 2007, the shareholders of the Company had approved Employee Stock Option Plan, i.e., ESOP 2007 ("the Scheme"). The Scheme provided for issuance of 4,282,228 stock options (underlying fully paid equity share of ₹ 1 each) to the employees of the Group at the exercise price which shall be equivalent to the market price determined as per the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ['SEBI (ESOP) Guidelines, 1999'].

The options granted under the Scheme shall vest between one year to six years from the date of grant of options with 20% vesting each year. Once the options vest as per the Scheme, they would be exercisable by the grantee at any time within a period of four years from the date of vesting and the shares arising on exercise of such options shall not be subject to any lock-in period.

The shareholders in their meeting held on 28 August 2008 approved the re-pricing of outstanding options which were granted till that date and consequently the outstanding options were re-priced at ₹ 37.55 per option, determined as per SEBI (ESOP) Guidelines, 1999.

However, in respect of options granted subsequent to 28 August 2008, the exercise price of the options has been maintained as equivalent to the market price determined as per the SEBI (ESOP) Guidelines, 1999.

As stated above, the options are granted to the employees at an exercise price, being the latest market price as per SEBI (ESOP) Guidelines, 1999. Further, since the Group follows intrinsic value method for accounting of the above options, there is no charge in the Consolidated Statement of Profit and Loss.

2. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016 and its loss and its cash flows for the year ended on that date.

5. Emphasis of Matter

We draw attention to Note No. 36 to the financial statements. The Company has incurred a net loss of Rs. 1,372.61 million during the year and the accumulated losses as at March 31, 2016 amounted to Rs. 26,612.61 million resulting in the erosion of its net worth. These factors raise a doubt that the Company may not be able to continue as a going concern. However, as mentioned in the said notes, the management is confident of mobilizing necessary resources for continuing the operations and generating cash flow from business operations by increasing subscribers' base. Accordingly, these financial statements have been prepared on a going concern basis.

Our opinion is not modified in respect of this matter.

Annexure 'B' referred to in paragraph "5B(g)" of the Independent Auditors' Report of even date on the Financial Statements of Videocon d2h Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **VIDEOCON d2h LIMITED** ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on Audit of Internal financial control over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing as specified under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by Institute of Chartered Accountants of India. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with the generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
